DETAILED ACTION

1. Claims 11, 12 and 22-33 are pending in the instant application. Claims 25, 26 and 28-33 remain withdrawn.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on March 5, 2009 was in compliance with the provisions of 37 CFR 1.97 and 37 CFR 1.98. The IDS was considered. A signed copy of form 1449 is enclosed herewith.

Response to Amendment

3. The amendments to the claims filed on February 5, 2009 have been fully considered. The amendments are not sufficient to overcome the 35 USC 112 1st paragraph rejection for the following reasons. The amended claims encompass two processes, Examples 4 and 5, both of which use cyclohexane as the cyclic hydrocarbon solvent, and diisopropyl ether to isolate amorphous material. The scope of the claims is still broader than the scope of the disclosure, in view of the unpredictability in the field of Applicant's endeavor. Claims 11, 12, 22-24 and 27 remain rejected. Currently prosecution is still limited to the elected species (ie. species of Example 5). Applicant will be entitled to rejoinder of non-elected species upon allowability of the generic claims.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
